

Because of Who He is

We don't praise the Lord because of hyped emotion
Nor is it some religious exercise
But the evidence of simple heart devotion
From sinners who have tasted Paradise.

We praise the Lord because the Spirit leads us
And because we know for certain we are His
With every breath within us we praise Jesus
We worship Him because of Who He is.

We don't praise the Lord to manipulate reaction
Nor is it done with any vain intent
It's the product of a glad hearts satisfaction
We love Him so our praise is full percent.

We praise the Lord because the Spirit leads us
And because we know for certain we are His;
With every breath within us we praise Jesus
We worship Him because of Who He is.

We praise Him as the Lord of all creation
We praise Him as the One who came as man
We praise Him as the Author of salvation
The One who holds the future in His hands.

We praise the Lord because the Spirit leads us
And because we know for certain we are His;
With every breath within us we praise Jesus
We worship Him because of Who He is.
