

In One Accord

I see in the world You've created
Reflections that make me praise you
Your attributes clear demonstrated—
There's beauty in all that You do.

The sun, moon and stars all declaring
Some One so much greater made these,
All the colours the flowers are wearing
Bear witness to Your expertise.

A song in my heart is ignited
Inspired by the scenes that surround,
My heart by such beauty delighted,
Your praise through creation resounds.

A concert of sights, smells and voices
United in honour of You
As earth, sky and nature rejoices
In worship that's ever Your due.

Our praise to You Father for ever
And praise to Christ Jesus our Lord;
We join with the angels in Heaven
In glorious fervent accord.

Vincent Lyons.
