

Simple Truth

**The gospel is so simple
That a child can understand,
No need for spire or temple
Or some priesthood in command.**

**It's all about believing
In the message God disclosed,
Not a creed of man's conceiving,
Nor of works as oft supposed.**

**It's all about Lord Jesus,
God incarnate here with men
Who through His death released us
From the penalty of sin.**

**It's all about Him rising
From the grave in victory,
Defies man's analysing,
But the truth that sets us free.**

**So flee the yokes that bind you
And the rites that men impose,
Leave the rituals behind you,
Your salvation's not in those.**

**Then turn in faith to Jesus,
All who come He will receive,
God's promised life in Jesus
To all who will believe.**
