

There's an Answer

**There's an answer if your'e searchin'
There's a way that leads to peace;
I have found it and I'm certain
It's where all your searchings cease**

**I had wandered lost and lonely
Without hope and filled with fear
Till in mercy, the One and Only
Sought and found me, drew me near.**

**From that moment He's been leading
And I'm walking in His light,
On His manna daily feeding,
Now His truth's my soul's delight.**

**He will answer if you call out
For He hears the heart sincere,
Those who come He'll never cast out
If you seek Him He will hear.**

**All I do is tell the story
Of all Jesus did for me
His alone the praise and glory
Who redeemed and set me free.**

**He's the answer to your searchin'
He's the way that leads to peace;
I have found Him and I'm certain
He's where all your searchings cease.
He's where all your searchings cease.**
