

A scroll with text on it, featuring a parchment-like texture and wooden rollers at the top and bottom. The text is centered and reads:

Today

If you're fearful of the future  
Or you wallow in the past  
Chances are you've skipped the present;  
You need to change perspective fast.

For the swift approaching future  
Will be present in a tick;  
What was present right this instant  
Just whizzed by—Time moves that quick!

Know the future's full of maybes  
And the past you can't repeat  
But the present is your portion,  
The point where past and future meet.

There's a way to seal your future,  
Make each moment well worth while,  
Put the past in proper context,  
Wear the present with a smile.

If today you hear Him calling—  
"Still small voice" speaks deep within,  
Turn to Christ—A new creation,  
And let eternity begin.
