

## Worship in Spirit

Let us sing to the Lord, let us praise His great name,  
Give Him glory and honour with hearts set aflame,  
He Who came down from Heaven to rescue the lost  
Gave His life for our saving on Calvary's cross.

No words can suffice that would give Him due praise  
But the love in our hearts by His Spirit ablaze  
Gives us glimpses of glory beyond mortal minds  
And we're lifted in worship--with Heaven aligned.

By His wonderful mercy His Spirit will show  
To the children of grace what the carnal can't know;  
For the flesh cannot fathom the deep things of God,  
By His Spirit alone are these things understood.

Let us worship in Spirit and truth of His Word  
By His presence within us our hearts strangely stirred  
As we praise Him from souls that are teeming with love  
Then the glory of Heaven streams down from above.

Just a small touch of Heaven will uplift the soul  
If we chasten the flesh by the Spirit's control;  
Let us worship the Lord with the Spirit's insight--  
For the Spirit's provision is the Father's delight.

So let's sing to the Lord; let us praise His great name  
Give Him glory and honour from hearts set aflame  
For we worship in Spirit, in truth and in love  
Till the day we're transported to glory above.

Vincent Lyons.
